The Larkin Soap

Manufacturing Co.

Soapmakers,
Perfumers,
Chemists,

Larkin Street,

Buffalo, N. Y.

Founded 1875.

Soap is a necessity — the question is only, "Will you save the profit or give it to the retailer? Will you have one of our valuable premiums, or will you give the retailer its equivalent?" Thrifty householders everywhere are annually profiting by the Larkin plan of selling direct from factory to consumer. Our goods and methods are well known to many families at nearly every Post-office east of the Rocky Mountains. Our soaps sell entirely on their merits, with a guarantee of purity.

**Any Girl or Boy Can Earn
a Larkin Premium.**

Many wise parents think it well to encourage a business-like disposition in manly boys and industrious girls. We have a plan that enables active young folks to earn by their own efforts one or several of our premiums. As we offer to pack the Combination Box assorted as our customers desire, they canvas their neighborhood and obtain orders for an assortment of our goods to the retail value of \$10.00. They then have their order sent to us signed by the head of the family, or send \$10.00 with their order for a box packed with just the quantity of each brand of soaps, etc., they have sold, which we ship with the premium selected. On arrival of goods they deliver to their neighbors and friends the goods each has ordered, and the \$10.00 proceeds pays our bill. "Young America" has "the middlemen's profits" in the form of a beautiful, useful desk or other premium that will last a lifetime, and we have thus won permanent customers, purchasers-to-be of our Combination Boxes. In a day or two, anyone can earn a valuable premium FREE. Try it!

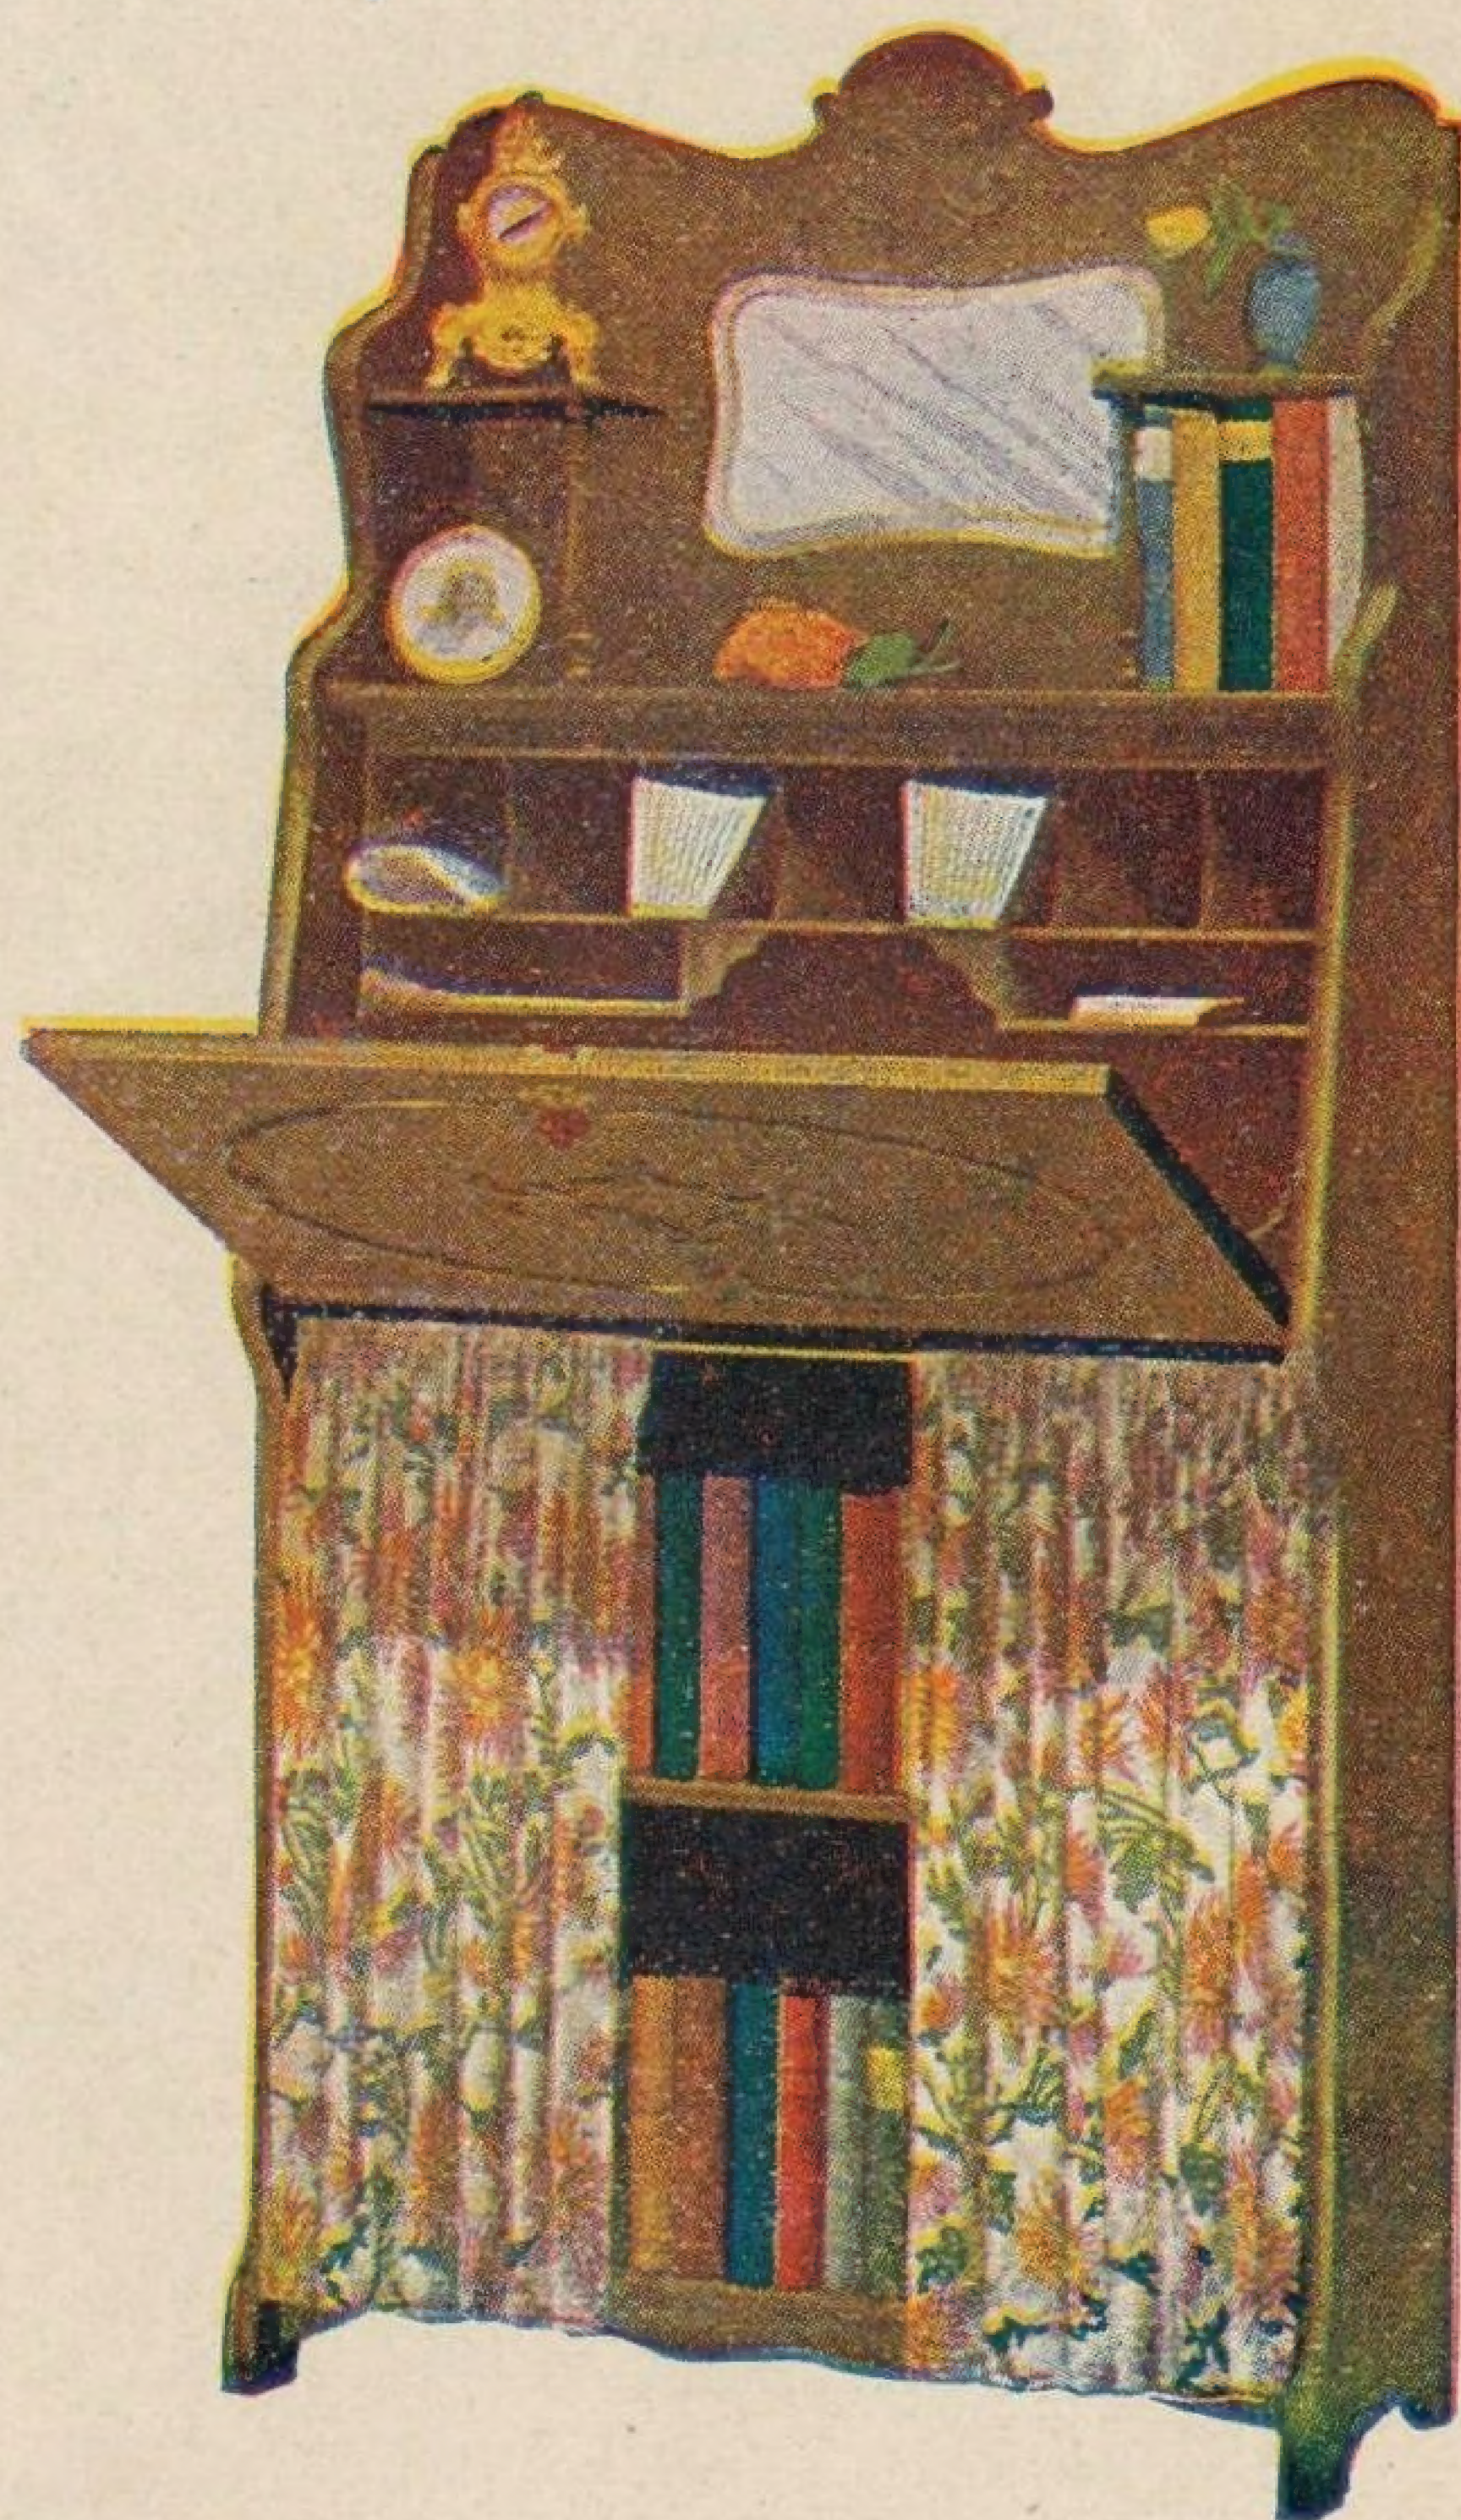

MADE of SOLID OAK throughout, strong and substantial. Beautiful hand-rubbed, durable finish. Fine 8 x 14 bevel French plate mirror. Brass rod for curtains. Very handsome carvings. Drop leaf provides a writing bed 24 inches deep. Seven pigeon-holes for papers, compartments for letter paper, etc., under lock and key. It is a perfect and complete desk, and also has three roomy book shelves and two shelves for bric-a-brac. A remarkably compact piece of furniture for the facilities it affords. It is five (5) feet high, two and a half (2½) feet wide and ten (10) inches deep.

This desk originated with us, and has been more widely imitated than anything ever produced in the furniture line. We have sent them to almost every town in America; and to several places over a thousand each. We can doubtless refer you to your own neighbors who have this desk, and it, like all our premiums, will surpass your expectations.

All illustrations are reproduced direct from photographs.

All orders, if on thirty days' trial, must be signed by the head of the family.

How the Larkin Idea saves you the Middle- men's Profits. . . .

T O B E A user of the Larkin Soaps is a proof of wise economy and progressive thought. Forehanded, thrifty people pay us—the makers—in one sum (\$10.00) once a year for a year's full supply of Soaps, \$10.00 worth at retail prices, and receive the entire benefit of the saving of middlemen's profits, in a valuable free premium, which if purchased from a retail dealer would itself cost another \$10.00.

The Larkin idea not only saves half the retail cost of your Soaps, but doubles the value to you, of this 50 per cent. saving, in a premium. Each premium shows a greatness of value astonishing alike to patrons and to makers of similar goods. This is because its cost is reduced to a minimum by making it at a factory devoted to just one purpose, in enormous quantities (for instance we use 50,000 "Chautauqua" Desks per year).

You pay no middlemen's profits or expenses. That part of the price of your Soaps which usually goes to the middlemen suffices to buy the premium for you at its actual cost under these unequalled conditions. Our

plan secures the premium for you without cost to you or to us. You get twice what your money would buy elsewhere.

Our customers are everywhere—ready to endorse us—and they only can realize the increased buying value which ten dollars have when wisely used in our unique and perfect organization. Others cannot understand our unparalleled position, but our thirty-day trial offer dispels every doubt.

Merchants cannot increase in any way the value of goods, but each must have a profit if you employ their services as middlemen. The manufacturer alone adds value to his products, the middlemen add only to the cost. Our "factory to family" plan saves you the several profits and expenses of the retail dealer, the jobber, traveling salesmen of manufacturer and jobber, etc., both on the soap, and the premium you select. The U. S. Census Bureau shows the annual salaries and expenses of traveling salesmen to be more than double the combined income of all our clergymen and physicians. This vast, unproductive expense, and much more, must be included in the retail price of the goods they sell.

WE only ask to send you the premium you select with a Combination Box of the Larkin Soaps, and if, *after thirty days' trial* you are fully satisfied, you can pay the bill—\$10.00. But if you are not, if our description of the premium you receive, or the Soaps, etc., leads you to expect anything different than you find it, no charge will be made for what you have used in trial, and we will take the goods away at our own expense. *How can we do more?*

If Cash Comes With Order.

One-half of our customers prefer to send cash with order (to save letter-writing). We do not ask it, but if you remit \$10.00 in advance you will receive 50 cents extra retail value in Soaps, the fruits of the saving in book-keeping and collecting. We ship boxes paid for in advance, day after order is received. Other orders take their regular turn. Money remitted in advance will be refunded without argument or comment if the Combination Case or Premium does not prove all expected. We guarantee the safe delivery by transportation company of everything we ship. The transaction is not complete until you are satisfied.

A box of soap can be sent from Buffalo, by freight, to nearly all towns on railroads entering Buffalo for twenty-five cents; to those on direct connecting lines for not over fifty cents. A saving can often be effected by sending orders for two or more boxes to be shipped together.

The mails make us all neighbors. To deal with us to your entire satisfaction, no knowledge of business methods is needful. To insure prompt shipment we only require that your orders and all correspondence be always signed by the head of the family, and that those not in business for themselves will, with their first order, give the name of a banker or any established business firm to whom they are known or by whom employed. Most delays in shipping are caused by neglecting these simple requests.

We can refer you to many families, in your own vicinity, who have used the Larkin Soaps for years. All Buffalo, N. Y., and Chicago banks; every banker and mercantile agency in the United States, knows us as large and responsible manufacturers.

A \$10.00 "Chautauqua" Rocker and Reclining Chair Free for selling or using a \$10.00 Combination Case of the Larkin Soaps—Thirty Days' Free Trial.

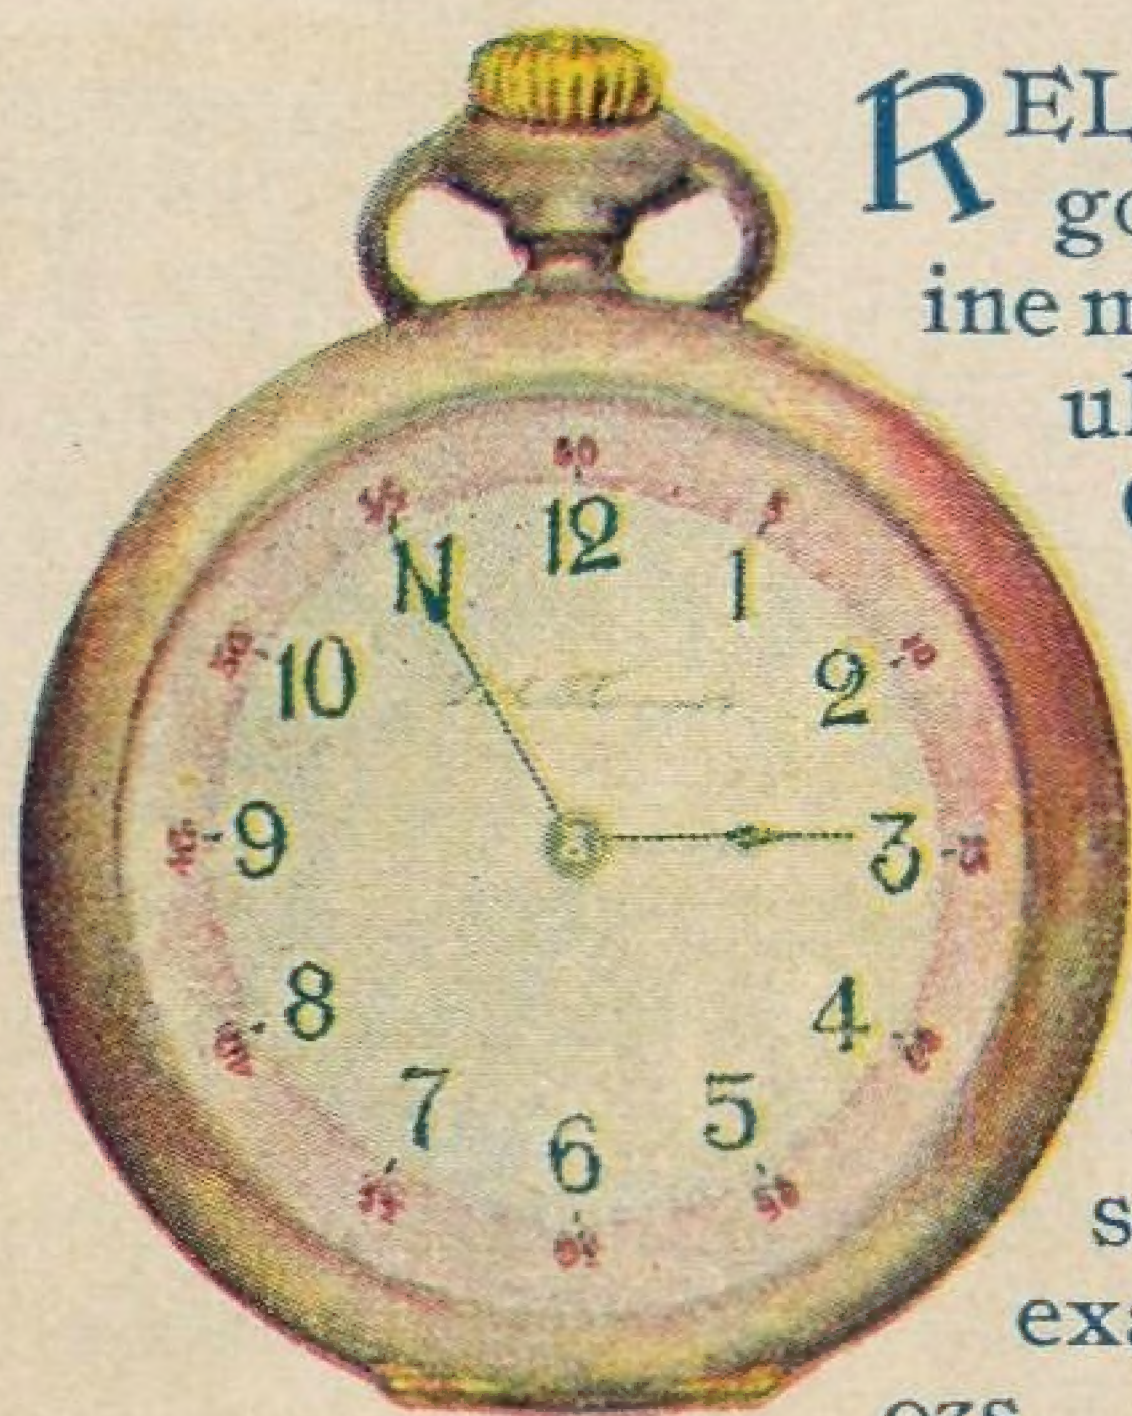

MADE of polished antique OAK. Upholstered as shown with CORDUROY, crimson, old red, tobacco brown blue or olive as de-

sired. Very strong, and perfectly simple. Mechanism fully guaranteed. A Spring Rocker (foot rest hidden beneath the chair) and a Reclining Chair with amply adjustable foot rest.

Adjustable to any position, and changed at will by the occupant while reclining. Head rest is adjustable to four easy positions. Seat is made easy by spiral springs, and is 20 in. wide between arms, 18 in. long, and 14½ in. from floor. The reclining back measures 28 in. from seat to top of head rest.

This chair is a synonym of luxurious ease and comfort. In it fatigue becomes a source of enjoyment. It will smooth the furrows of age and soothe the invalid. It pleases everyone, and a hundred thousand are now in use.

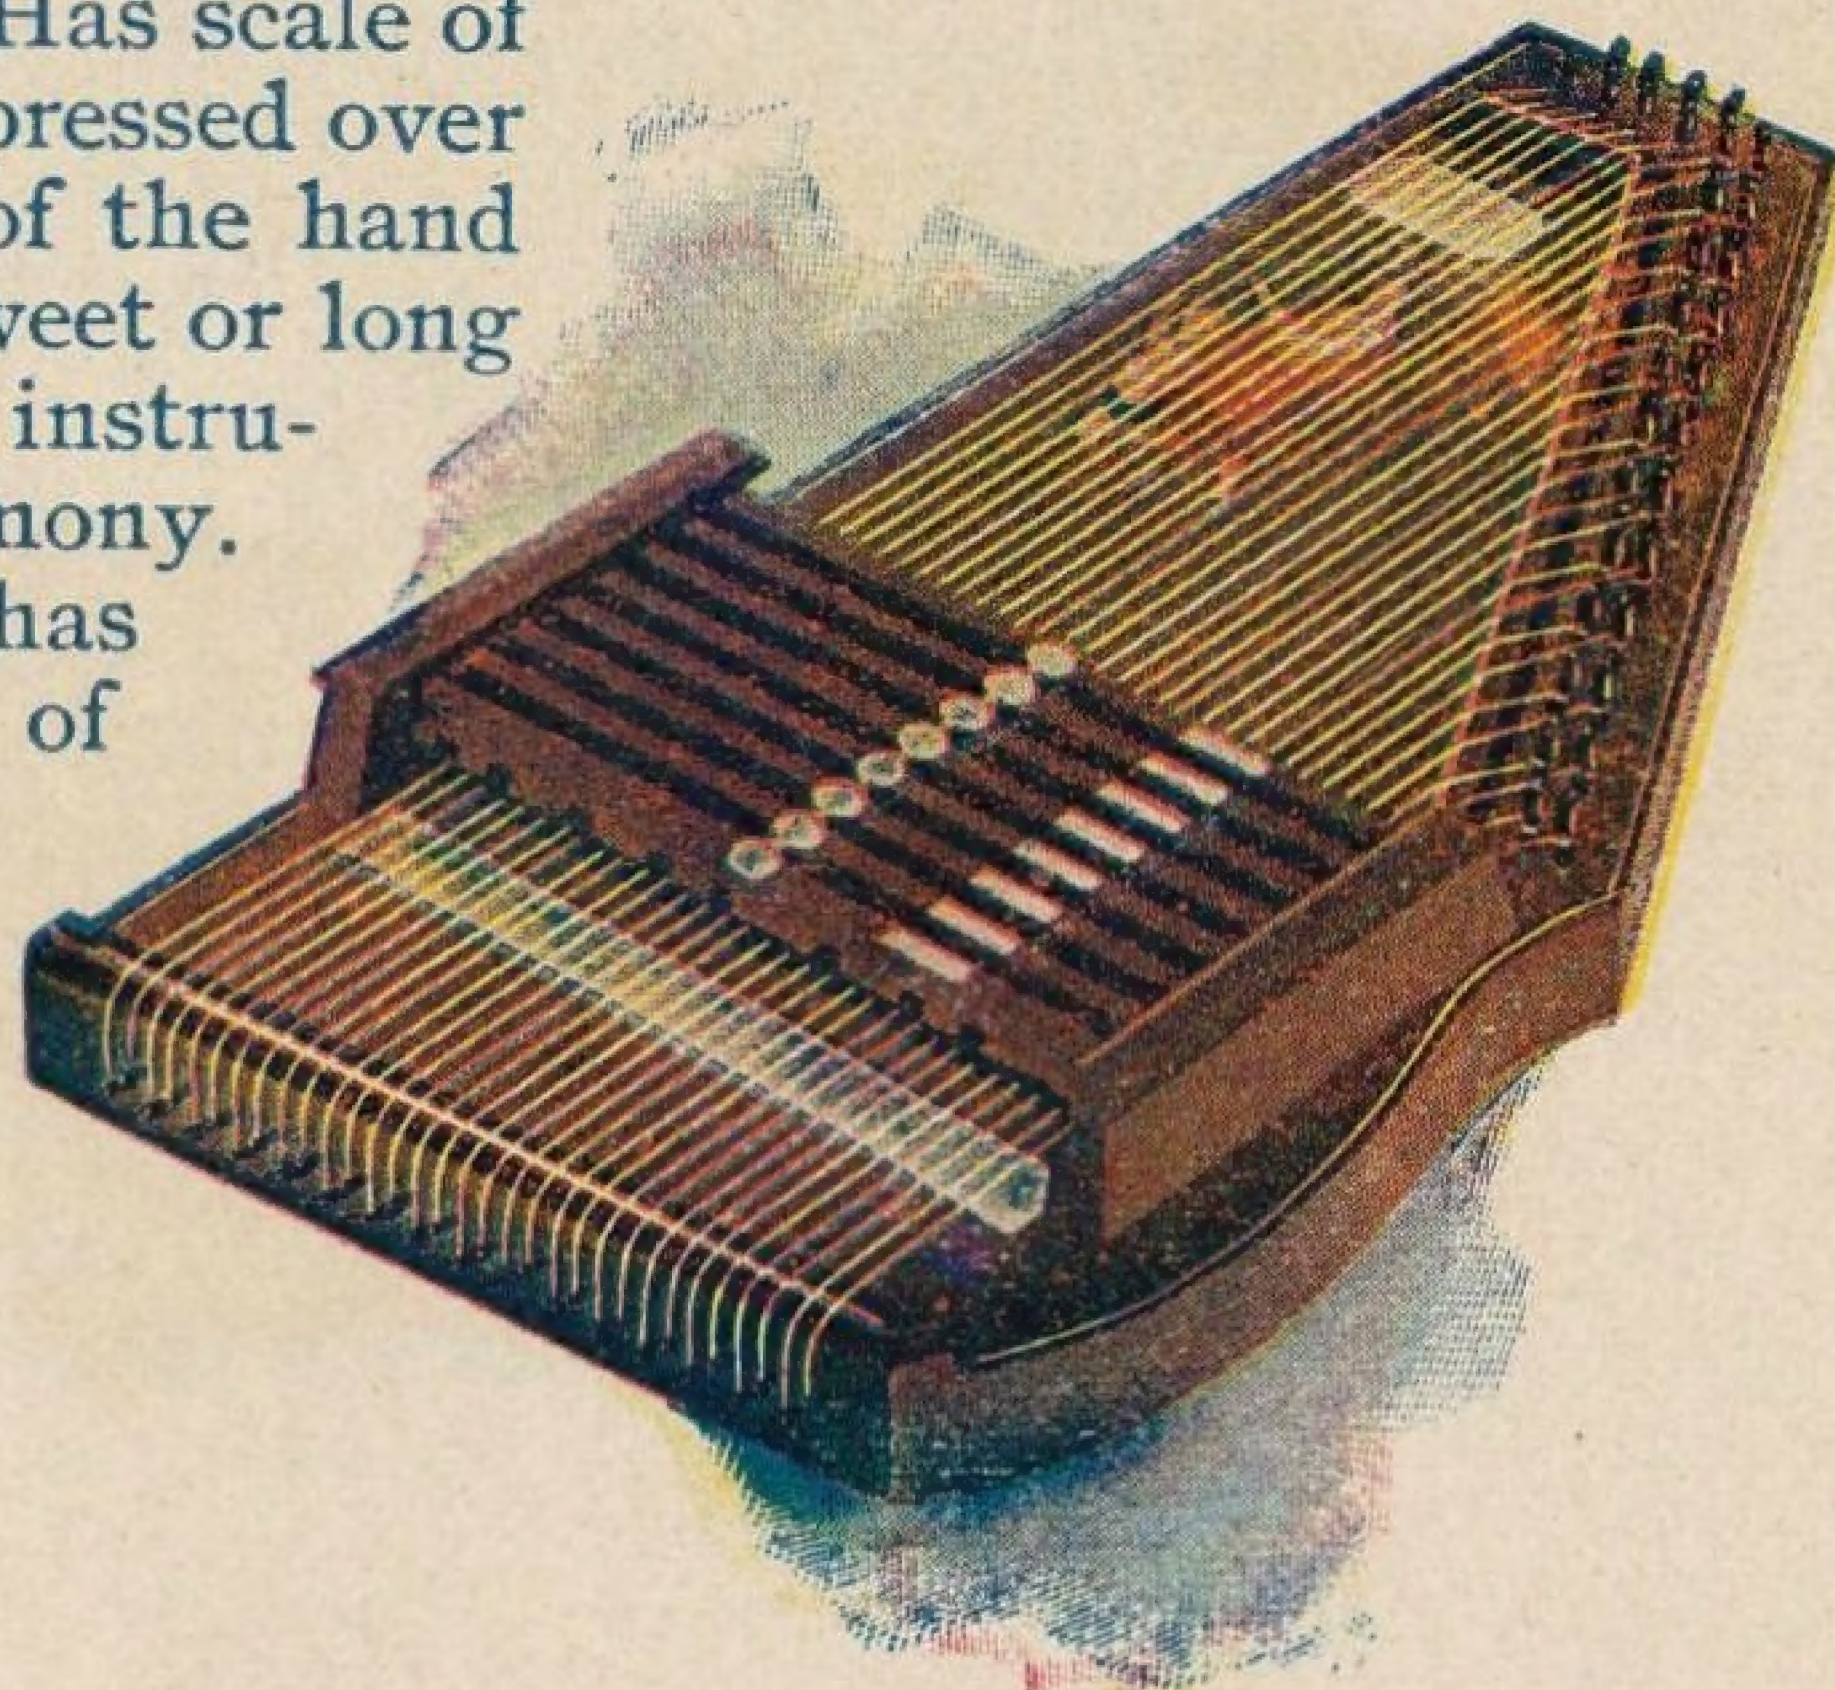

RELIABLE Seth Thomas gold and nickel damaskine movement. Patent regulator. Safety pinion. Cut compensation balance. Adjusted to heat, cold and all positions. Stem-winding and setting. Guaranteed ten years with fair usage. Porcelain enameled dial with red marginal figures, fine lintelle glass, solid gold joints and crown. Size six, exact size of cut, $\frac{1}{2}$ in. thick. Weighs $1\frac{1}{2}$ ozs. Beautifully engraved.

A perfect gem, an excellent timekeeper and very stylish.

THE AUTOHARP is famous as an instrument easy to play; and it is even easier to obtain as a Larkin Premium. It delights and instructs the beginner who may, with its simple system of music that entirely does away with notes, learn it in a month; and it charms the musician with its delicacy, its brilliance and its matchless harmony. Ebony finish, 21x11 in. Has scale of a grand harp and 8 chord bars are pressed over the 32 strings. Then, one sweep of the hand produces a perfect chord, soft and sweet or long and loud, possible in no other musical instrument. A marvel of melody and harmony. Children play it; and equally it has attracted the admiring attention of artists. With each instrument are 24 full sheets of Autoharp music, Instruction Book (having 22 more pieces of music), a Music Catalogue, Rack, 2 Picks, tuning-key, and the new Autoharp Hammer.

**"Sweet
Home"
Family Soap.**

Is an absolutely pure laundry soap, sweet and wholesome, made from refined tallow and vegetable oils. It is scientifically complete, lathers very freely, and does thoroughly and easily all work good soap is designed for. It is a labor saver, and is agreeable to the most sensitive skin. Won the Gold Medal and Diploma, on these claims, at the Omaha Exposition. Our customers everywhere appreciate its great superiority and economy over other soaps "made to sell," which, being freely adulterated with "make-weights"—silex, powdered rock, etc., go all to pieces in use. The thrifty housewife knows the great advantage in buying soap by the box, as it improves with age.

Honor Bright Soap.

"To Brighten and Clean."

Makes the cleaning of all metallic and mineral surfaces a pleasant task. To clean crockery, cutlery, cooking utensils and marble, oilcloths and woodwork, and for removing oil, gum, grease or rust from any place and for the lessening of labor.

Our Superfine Toilet Soaps.

In decided contrast to the wise economy of the Larkin methods in the conduct of our business departments, is the almost lavish expenditure in our toilet soap works. Nowhere else do we more liberally observe the proverb, "There is that which scattereth, and yet increaseth, and there is that which withholdeth more than is meet, but it tendeth to poverty."

The purest soap scientifically saponified and medicated, absolutely neutral and bland, producing a lather emollient, profuse, creamy.

Some people think imported toilet soaps must be the best, but ours are the peer in purity and antiseptic and dermatological qualities of any soaps, at any price, from any source whatsoever. Our Modjeska Complexion Soap is not excelled by any made. Its subtile perfume is derived by consummate skill from the rich spices of Arabia combined with the delicious and costly odors of rose, violet, geranium, jasmine and orange blossom, gathered from the cultivated fields of France, Italy and Algiers.

Our soaps contain no free

alkali, and all moisture is perfectly abstracted by the French "Milling Process," which also insures full fragrance until they wear to a wafer. They have nothing in common with the alleged toilet soaps sold to-day—soaps which are imperfectly saponified, cheaply and carelessly made from inferior materials by incapable men, who allow them to contain hurtful free alkali, and perfume them with various cheap artificial coal tar "perfumes."

White Woolen Soap.

Is a perfectly pure, white potash and borax soap. It is absolutely perfect for washing flannels without shrinking and for laces, infants' clothing and all fine things. Popular with a great many people as a bath soap.

Boraxine.

"A Laundry Luxury."

For cleaning woodwork, washing dishes, and dairy utensils, removing grease spots or stains from carpets, etc., or for general housecleaning. Has no equal. Used in soaking clothes it saves half the labor of washing, and is a blessing to every housekeeper who uses it. It is pleasant for the hands and cannot possibly injure the finest fabric.

There is a prejudice that goods with which pre-

miums are given, and the premiums too, are inferior in quality. The unprejudiced judges of the Omaha Exposition gave the Gold Medal and Diploma to the Larkin Soaps. Does not our "factory to family" idea explain how we easily can afford to give superior soaps and premiums to our patrons? Don't you think it safe to try goods when the maker tells you: "We do not ask you to send money in advance. Give our goods a thorough trial for thirty days, and then return them or pay for them as you prefer?" Don't you think it reasonable to expect from us as good goods and as good treatment as all our customers in your vicinity will assure you they have received?

Remember, you pay us only one-half usual retail prices as more fully explained on page 20.

We ask no money in advance, you pay after a 30 days' trial.

All good soaps improve with age. Three months' supply should always be in the house, a supply for a year or two is an excellent investment.

**We Pack Each Box as
the Buyer wants it.
See Page II. . . .**

YOU can have the full list value—\$10.00—in your own selection of the Larkin Soaps. We add and omit as you direct.

Remember the cost to you is only half the retail prices named on next page. Retail prices are named only to make plain how much we save you.

Wickless Blue-Flame
Oil Cook Stove Free
with a \$10.00 Combina-
tion Case of the Larkin
Soaps on thirty days'
free trial.

THE most powerful Kerosene Oil Cook Stove made. Made by the originators of Wickless Blue-Flame stoves. Entirely unlike the old-fashioned heavy, cast-iron, oil cook-stoves, with direct burning wicks, which radiated as much heat as a coal range. The "Chautauqua" has two powerful burners, 4 inches in diameter and radiates little heat, while the heat is intense at the grate. The blue flame, like gas, envelops the utensil without depositing a particle of soot. It is constructed entirely of steel, enameled and decorated; is a model of beauty, strong, light, durable, and preferred by thousands to gas or gasoline stoves for ideal summer cooking. Absolutely safe, and free from odor and smoke. The oil reservoir holds 2 ½ quarts, is perfectly insulated from the heat-producing part of the stove, and hence is always cool. Height, 27 inches; top, 15 x 22. Weight, 22 ½ lbs.

We will furnish a removable 13 x 15 x 17 tin oven for \$1.50. Receives a 12 x 12 drip pan. It is scientifically ventilated to be perfectly adapted to this stove, and will fulfill every requirement of a baker. Anything that may be baked or roasted in any range can be as well baked in this oven.

We can, if preferred, furnish this stove made with two gas burners, instead of oil reservoir and Blue-Flame burners. The frames are alike.

WARMTH and cleanliness — convenient stoves and good soap—are alike vital to good health. OUR “CHAUTAUQUA” HEATER is always ready, without delay, to dispel chill or dampness. It will heat a large room in coldest weather, or quickly boil a kettle, or fry a steak. Made entirely of steel plate, polished brass, Russia iron and aluminum. Absolutely nothing to break. Perfectly portable. Will instantly give genial warmth wherever you want it, without ashes, dust or labor.

Height, 32 inches ; diameter of drum, 8 inches ; total weight, 14 pounds. No pipe required. Absolutely odorless. Endorsed by physicians.

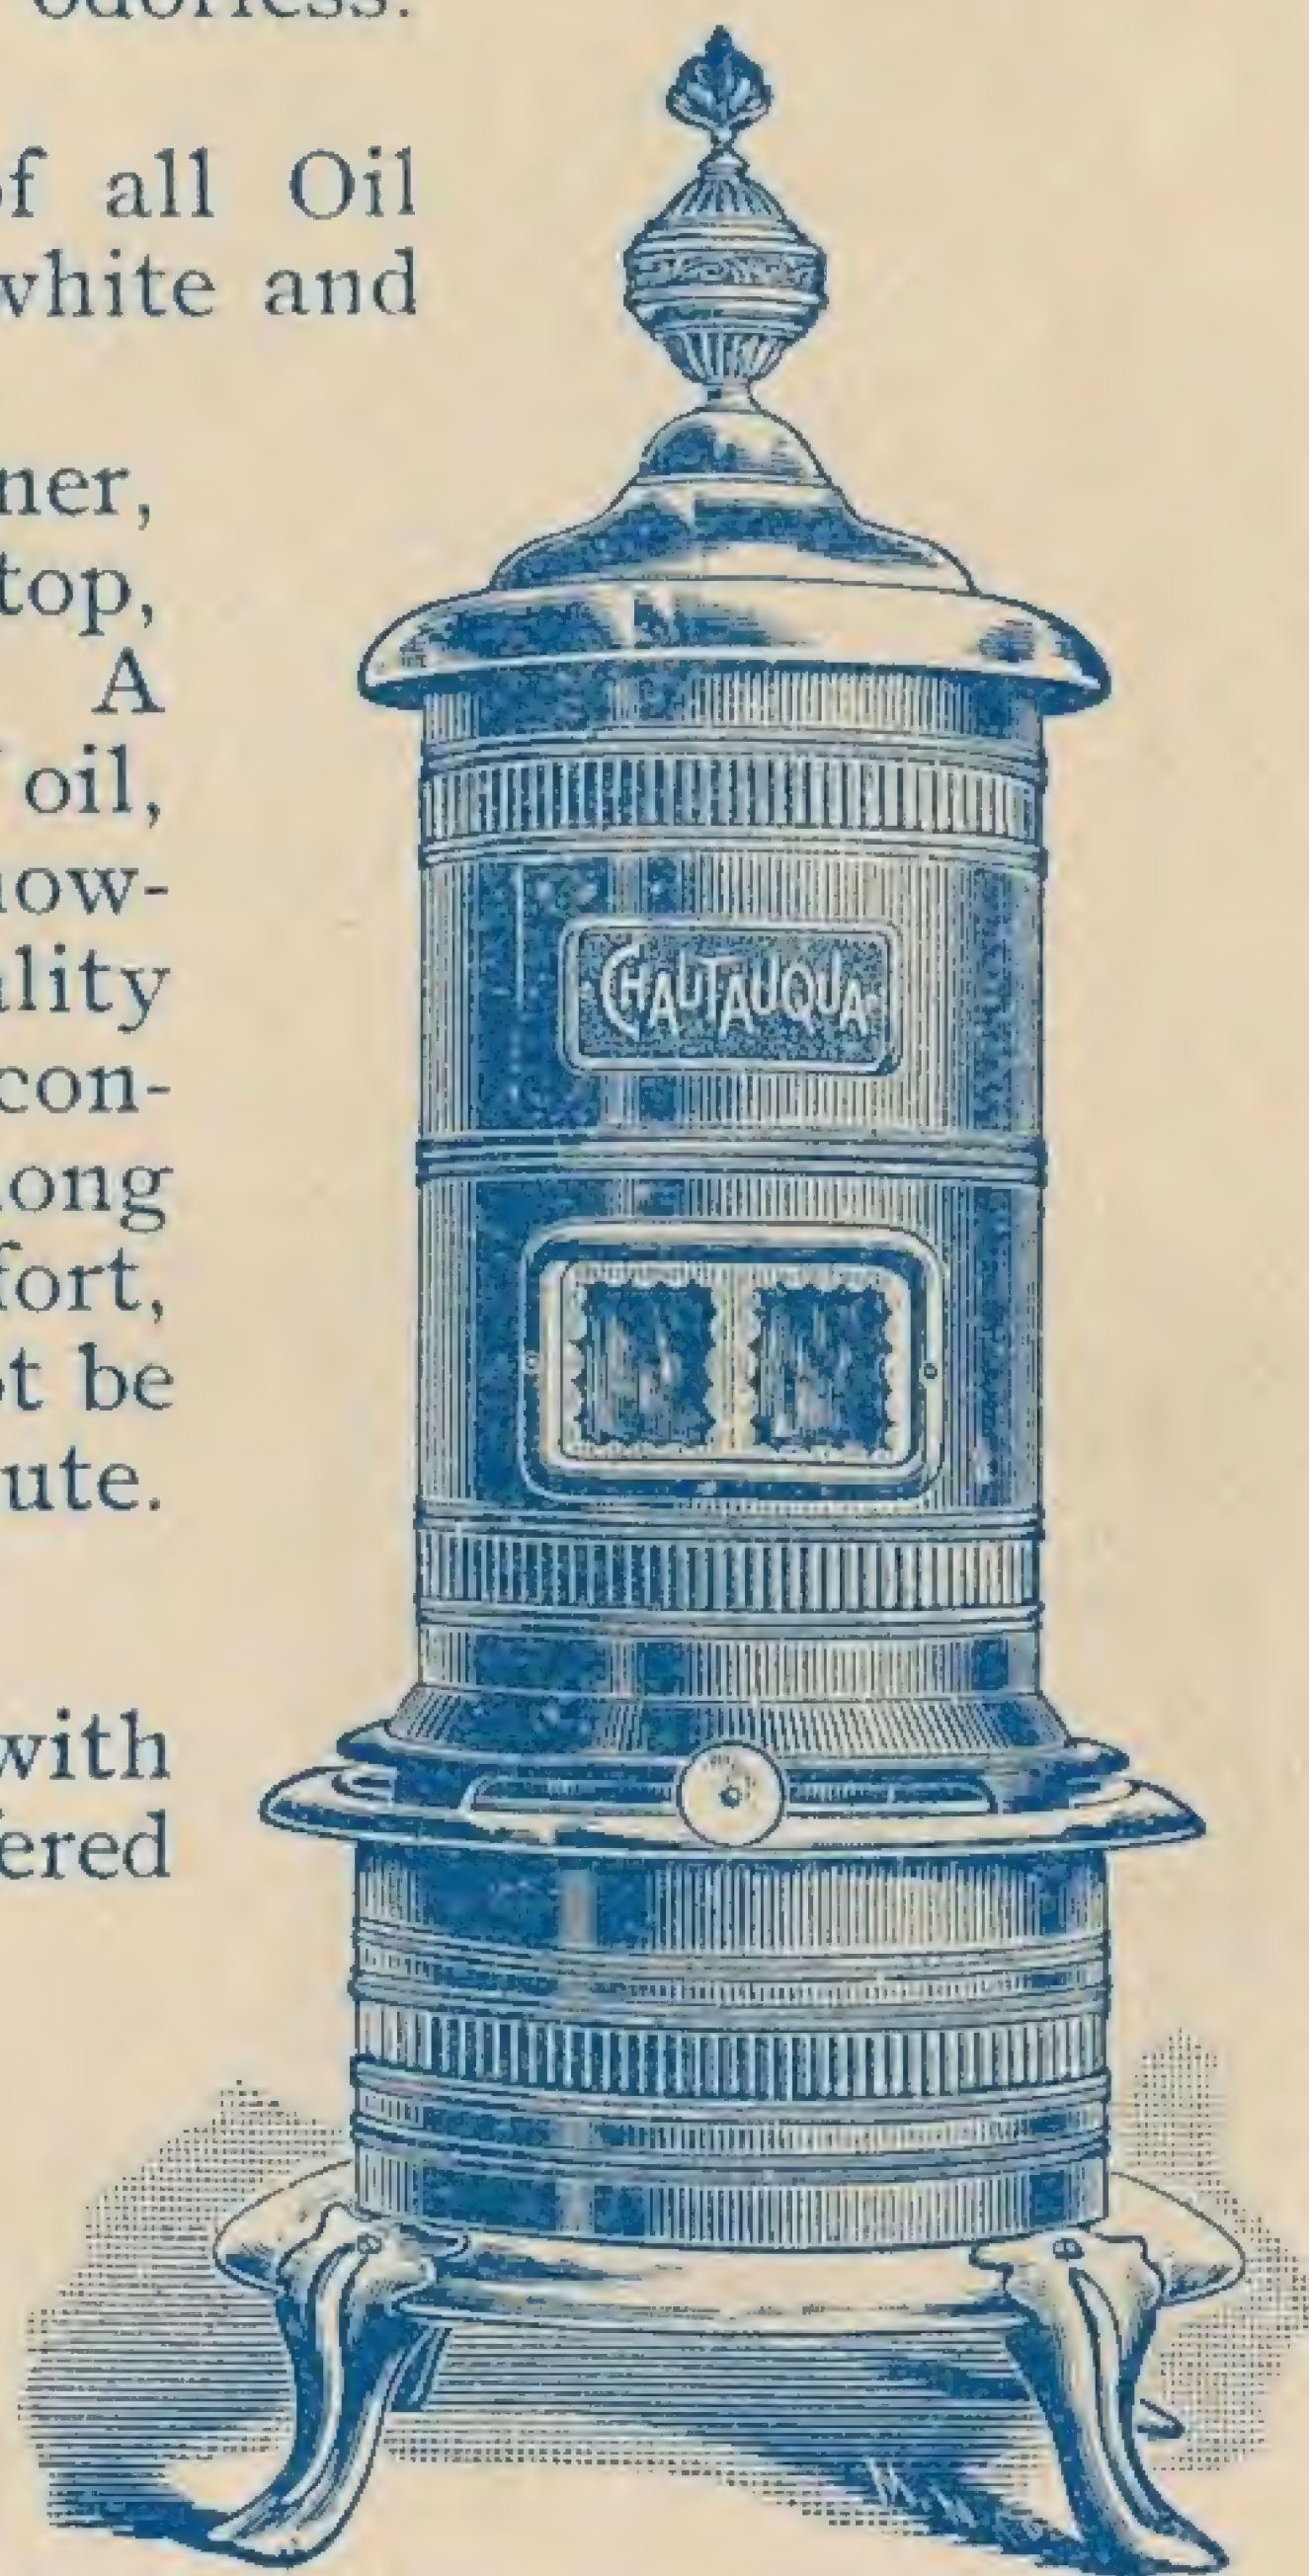

The “CHAUTAUQUA” is the greatest of all Oil Heaters regardless of size. Gives a clear, white and wide-spreading flame.

It has a ten-inch Central-Draft Brass Burner, a handsome Russia iron drum, removable top, richly nickel-plated, as are the steel legs. A heavy brass oil fount holding three quarts of oil, which lasts twelve hours, with indicator showing depth of oil in tank. It unites every quality approved to date, for thorough service and convenience, and thousands are in daily use among our customers. It affords an amount of comfort, pleasure and health in the home that cannot be conceived without it, for it has no substitute. No expense except when actually in use.

We have many premiums, given free with \$10.00 Combination Cases, which are not offered in this booklet.

Observe that we offer to pack our Combination Box especially for you, if you desire, always making up the contents of our box as you direct.

Sewing Desk Free for
selling or using a \$10.00
Combination Case of the
Larkin Soaps—Thirty
Days' Free Trial. . .

THE Chautauqua Sewing Desk will enhance the attractiveness of any sewing room, and its convenience will remove many annoyances. As adequate for its purpose, as a modern roll-top desk is for office work. Provides place for materials and all the accessories locked away from the children. Everything out of sight in a handsome compact piece of furniture. Solid Oak, paneled back and sides highly polished on three coats of varnish. The broad, ample top is, when extended, 23x46 inches, 25½ inches high. In top drawer are compartments for thread, thimble, scissors, buttons, hooks and eyes, yarns, floss, etc., etc. A deeper drawer (5¼ in.) is for patterns, and a very deep drawer (8 in.) for sewing on hand. Drawers are roomy, being 18 in. long and 14½ in. wide. Pin cushion, scrap and stocking bags can be hung at the side or back.

There is no better piece of furniture for the china painter's studio. Every amateur painter needs one.

It also makes a thoroughly practical and convenient typewriter desk. Exactly the right height and size. Forty are used in our own offices for that purpose.

To Physicians:

The New York Eclectic Medical College have found that this Desk, made 29½ in. high and with drawers opening at left end, with top drawer divided for instruments, makes a Gynecological table not surpassed by those costing \$60 to \$200. We have them in stock made as described. Price of a \$10 Combination Case and Physicians' Special Table, \$12.

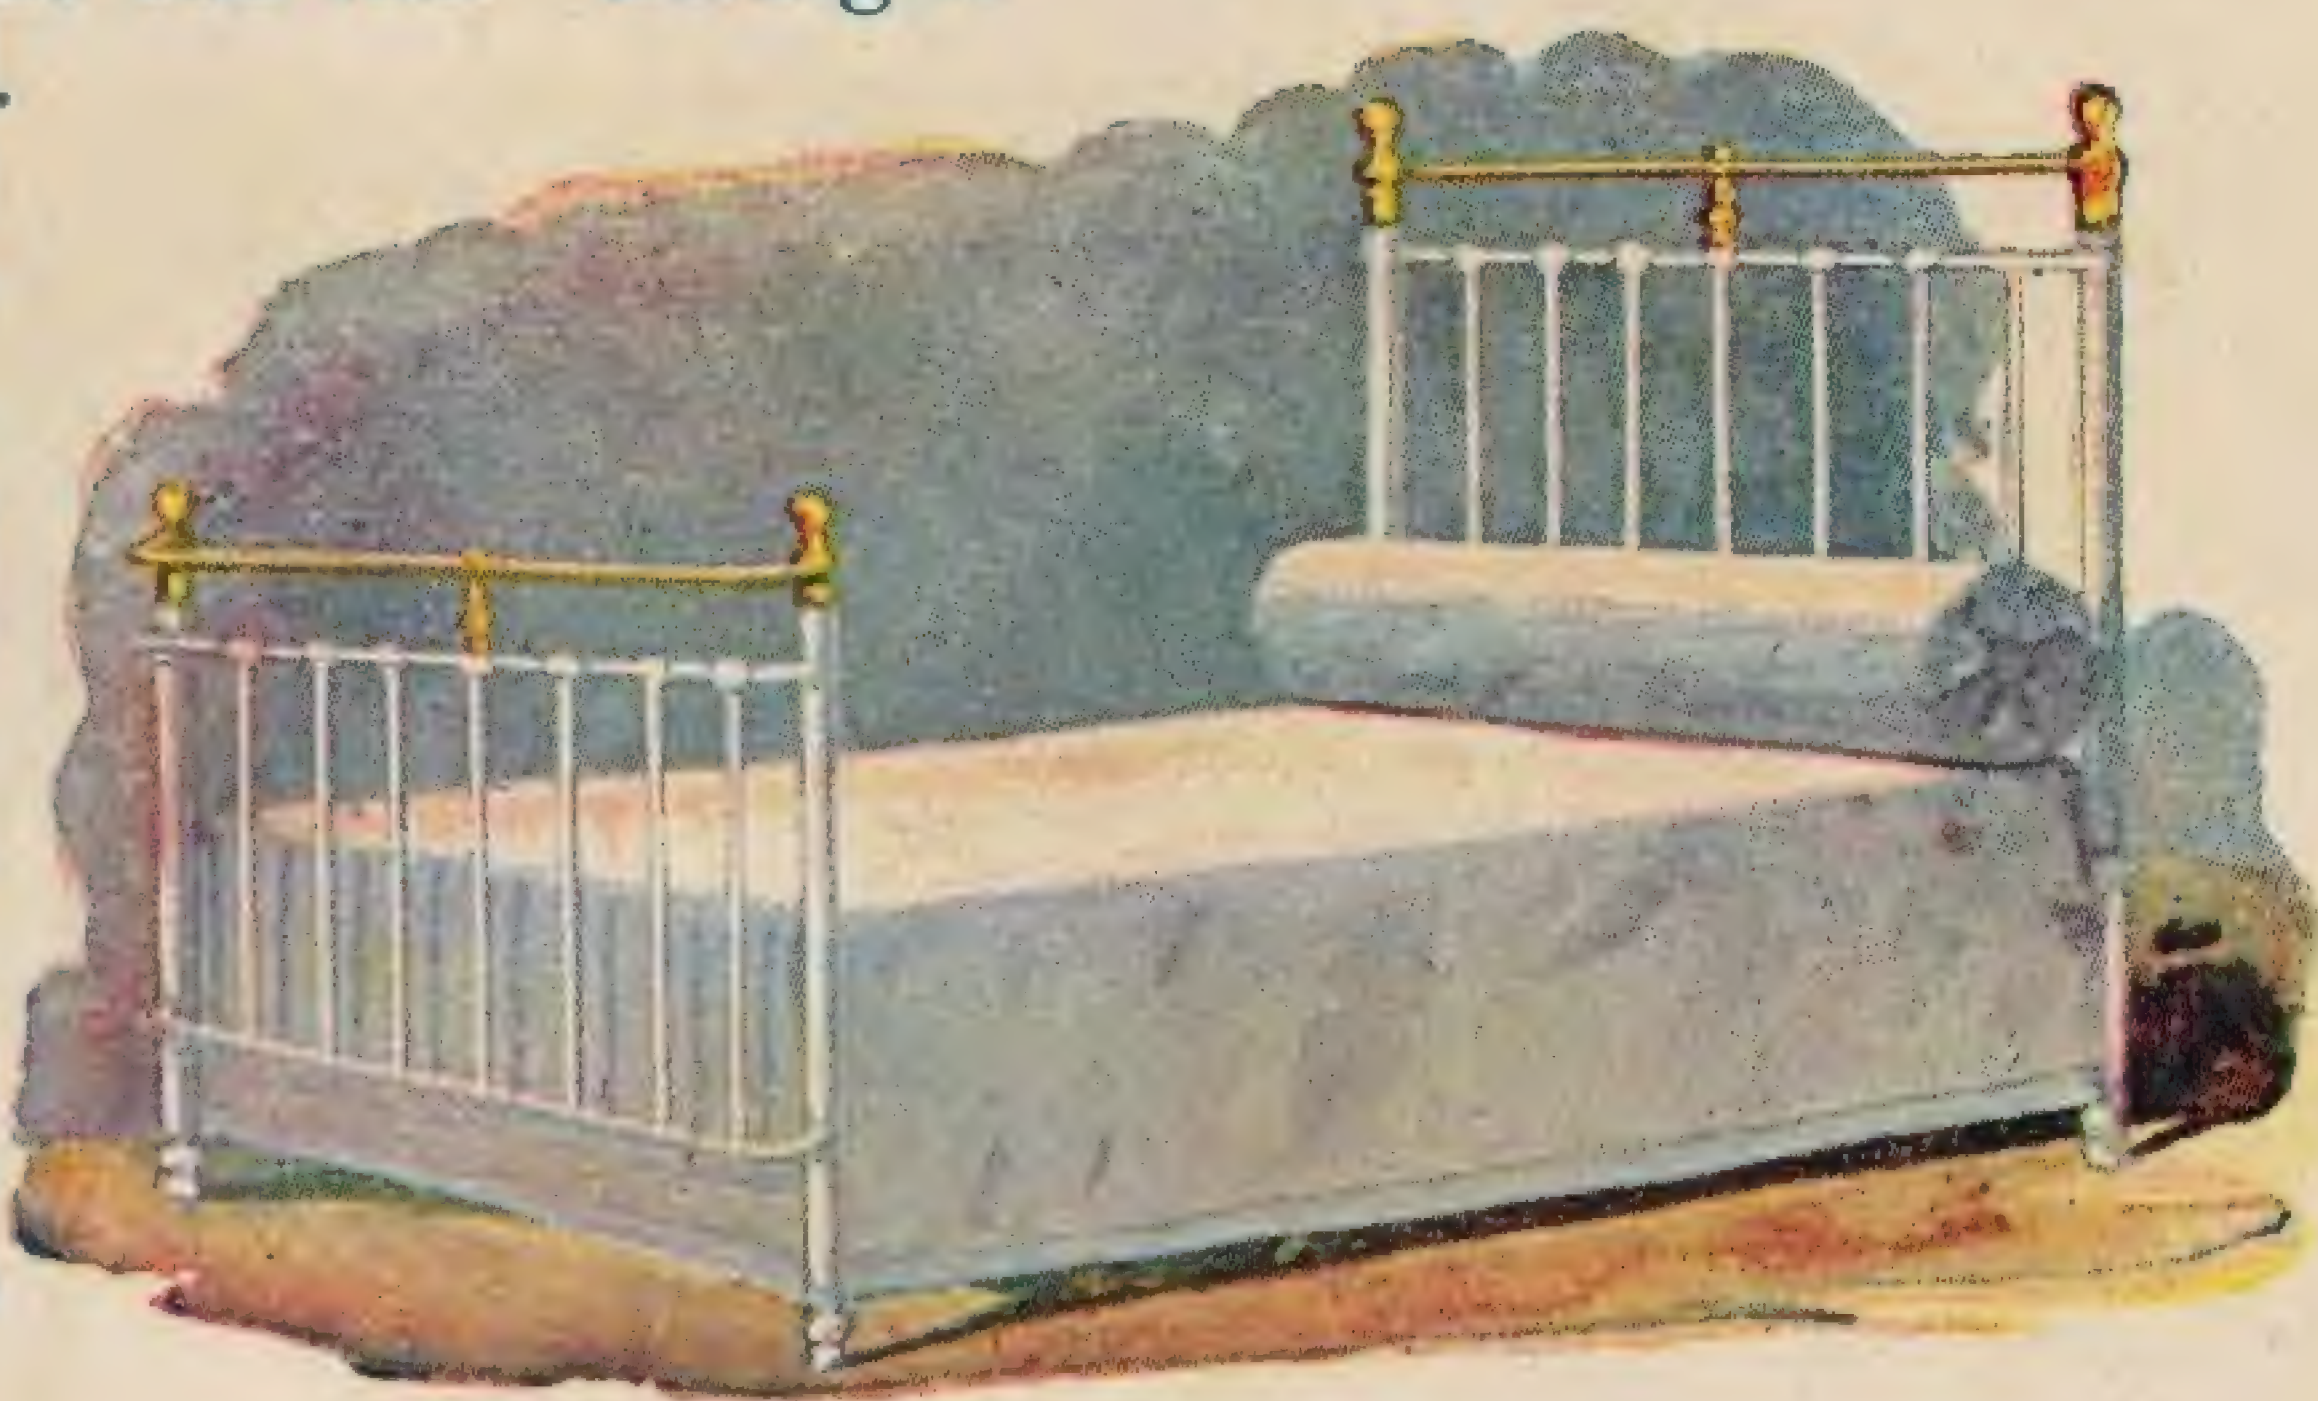

THE Bed is *the* article of furniture supreme ; in it a third of life is passed. Metal beds long ago became so popular in Europe that among the best people there others are rare. Americans are not yet familiar with them, because of high prices. Metallic beds add beauty and cheerfulness to the chamber, while they convey a delightful feeling of cleanliness that invites repose. They utterly discourage vermin. They harmonize perfectly with furniture of any wood or style.

Trimmings and top rods are of heavy brass, finished with heavy gold English lacquer. Top rods, at head and foot, are brazed (seamless) and have heavy steel lining for additional strength. Three coats of the very best perfectly white enamel finish are baked on. This fine bow-foot bed is very strong and will last a lifetime. Such a one usually retails alone at \$10.00. It is 6 ft. 6 in. long. Choice of three widths ; 4 ft. 6 in. ; 4 ft., or 3 ft. 6 in. Head, 4 ft. 5½ in. high ; foot, 3 ft. 2½ in. high. Corner posts 1 in. in diameter. Detachable casters, unbreakable malleable iron castings. All joints are smooth. Shipping weight 100 lbs. Straight foot bed sent if preferred.

Any make of rigid frame wire mattress or springs may be used without slats. Bed has patent reversible sides making it practicable to use a folding spring on ordinary bed slats.

For \$2.50 we will send a wood frame woven wire mattress of finest weave to fit your bed.

ation Case of
the Larkin

Soaps is to know that the contents are worth \$10, at prices charged by retail dealers; that the retail values we fix upon our goods are just and correct. To know too, that when desired, we sell for \$10 two cases (retail value \$20), without a premium, is to fully appreciate the scope of our Factory-to-Family plan to save you money. Two families may send one order for two Combination Cases, without premiums, for \$10. If ordered, each case will contain 200 bars of "Sweet Home" Soap, or 400 bars for \$10, *which is 2½ cents per bar*. But all of our offers are exactly equivalent to this in value.

If you will send us the names, correctly and fully written on a *separate sheet of paper*, with your name and address thereto, of ten heads of families, your nearest neighbors (not dealers in soap), whom you know to be amply able to buy our goods and pay for them, and four cents in stamps, we will send a nice little present for your trouble.

Special to Customers.

We issue a beautiful Premium List, to our customers only, containing three hundred very liberal offers of premiums for getting us new customers. Everyone who sends us an order for goods for his own use has the opportunity to easily earn almost every thing the home requires.

Club Premiums are given only to our customers for orders obtained and sent us in strict conformance to easy conditions, named in our confidential Premium List. We can afford to give such premiums only because "a customer once is a customer always."

All lamps have Central Draft Burner, device for lifting shade and

Palace Lamp.

The Decorated Porcelain Jardiniere Lamp.

Beautifully hand decorated with a spray of wild roses, true to nature. It is 21 inches high. Newest shape. Body of lamp is 12 inches in diameter with gold plated and lacquered base. 11-inch porcelain globe. Complete, ready for use.

The Onyx Parlor Lamp.

All metal parts are gold plated and lacquered. Onyx column, 6 inches long; onyx ball pedestal, 3½ inches in diameter; height, 30 inches. Complete, with a beautiful, rich, all-silk, 16-inch shade, with 8-inch lace flounce. Most fashionable and tasteful shape. Your choice of red, pink, blue, yellow, old gold, lemon or green. Or we will omit shade and send a beautiful, Dresden hand decorated porcelain 9-inch globe, in perfect proportion to the lamp.

Our Decorated Porcelain Banquet Lamp.

This very successful premium is still shipped when ordered.

Our Chautauqua Onyx Table.

This premium is still popular. Two styles, round, 9 inches in diameter, or 10 inches square.

Chautauqua Palace Lamp.

The body and globe are glass with a satin finish, giving a soft, filmy, dream-like effect. Your choice of Cerise (bright cherry) or Mandarin (golden yellow). These colors in glass have been counted a lost art. The perfect cherry red or Cerise is especially popular. 30 in. high, globe 10 in. in diameter.

Solid Brass, polished, gold lacquered. 4½ feet high, can be raised

to 6½ ft. Ready for use with chimney, wick and wire hexagon shade holder, for which a silk or paper shade may easily be made at home. Or for \$1.50 a decorated porcelain globe will be furnished, and for \$2.00 satin finish (Palace) globe or 18 in. silk shade.

The Piano Lamp, though formerly of much less value, has always been a popular premium, because one of the very best and most practical forms in which a lamp can be made, and our 1899 pattern, here offered, will excel itself in popularity.
